Ref: Letter of Recommendation

To whom it may concern:

It is my distinct pleasure to write this letter of recommendation on behalf of J C Patin and Cedric Patin, the founding members of the Patin Group. From March 2002 to July 2006, I worked very closely with them when I was running the Housing Authority of New Orleans (HANO).

As the Executive Director of HANO, I was responsible for overseeing Guste Homes Housing Complex Redevelopment Phase I - the redevelopment construction projects for 250 family units and 280 elderly high rise units. To assist me with this project, I consulted the Patin Group for their professional expertise. They attended weekly construction meetings and were continually on site monitoring all aspects of construction management. The project produced cost-effective solutions for solving difficult issues. They displayed high standards for integrity, quality, and service in all level of professional construction management while maintaining budgetary constraints.

Again, the expertise and services provided by Patin Group has been unmatched. I would highly recommend this company for any capital or minor construction projects you may be considering. I found Patin Group to be a valued engineer, responsive, cooperative, fair in negotiations of change proposals, and proactive in helping to resolve issues.

Sincerely,

Nadine Jarmon

Dr. Nadine Jarmon
Executive Director
